SUMMARY

Senior SEO Specialist with 4+ years of experience managing end-to-end SEO for 20+ websites independently across technical, on-page, off-page, local, AEO and GEO. Work spans 8 industries and 4 markets (Pakistan, Australia, UK, US), with a strong focus on healthcare and other YMYL sites. Hands-on from audit to deployment: schema, redirects, internal links and content fixes shipped directly in the CMS, with every result reported from the client's own Search Console and GA4.

EXPERIENCE

Senior SEO Specialist
Digital Eggheads — Jun 2025 – Present, Karachi, PK

- Own end-to-end SEO strategy for a multi-industry client portfolio: technical, on-page, off-page, local, AEO and GEO.
- Run in-depth technical audits covering crawlability, indexation, redirects, duplicate content and Core Web Vitals.
- Design and deploy site-wide JSON-LD (MedicalClinic, Physician, Course, NGO, Product) and validate it live.
- Plan site migrations: map ranking URLs and deploy 301 redirects so rebuilds keep their search visibility.
- Build keyword, intent and competitor research into content roadmaps and blog-to-service internal linking.
- Investigate negative-SEO link attacks and prepare disavow files for affected client sites.
- Report monthly from Google Search Console, GA4 and Semrush, turning data into prioritised action plans.

SEO Executive
Dr Abdullah Iqbal — 2024 – May 2025, Karachi, PK

- Increased website traffic by **40%** through on-page SEO and content optimisation.
- Achieved **top-three Google rankings** for priority target keywords.
- Mapped target keywords to service and blog pages; optimised titles, meta, headings, internal links and alt text.
- Delivered ongoing technical fixes and tracked progress in Search Console and GA4.

Junior SEO Executive
Increase Rev — 2021 – 2023, Karachi, PK

- Executed keyword research and competitor gap analysis across multiple client websites.
- Optimised content, meta titles, descriptions and headings against target keywords and intent.
- Supported off-page SEO through link building and business listings.

PORTFOLIO: VERIFIED CLIENT RESULTS

- **Healthcare non-profit (PK):** +107.8% organic sessions year on year after medical schema, internal linking and a negative-SEO clean-up.
- **Specialist physician (PK):** average position from 13.4 to 7.6 and about 60% more impressions after schema and a content roadmap.
- **Surgical clinic rebuild (PK):** +83% Google clicks year on year; 23 redirects mapped to protect rankings through a URL change.
- **Skills-training non-profit (PK):** +69.2% clicks and +80.2% impressions, 6 months vs previous 6.
- **Shopify e-commerce store (AU):** average position from 13.9 to 8.5 and +32.7% clicks year on year.
- **Luxury furniture brand (UK):** +55.2% impressions in Google AI features after unblocking AI crawlers.

Client names withheld. Every figure links to its Search Console or GA4 evidence at **seoexpertinkarachi.online**.
